

BSW Course Map Fall Start Part-Time

Catalog Year 2024-2025

This course map is a recommended sequence for students starting in the fall who have earned more than 55 credits and want to take 7 or less credits per semester. Students with less than 55 credits will consult with their academic counselor on a schedule to meet their academic goals. Courses taken out of sequence may affect time to graduation. Students should consult their advising worksheet and academic counselor for an individualized degree plan. NOTE: Charter Oak State College offers the flexibility of six start dates a year, so students who start in the summer or in Term 2 of Fall/Spring will work with their counselor on an appropriate course sequence.
